

Year 1 / 2 Blog

Week ending 4/11/22

In English, we have been learning about the different ingredients that make up a good story: a good story needs characters, a setting, and a beginning, a middle and an end.

We began our history topic this week, and we started to learn about a man called Guy Fawkes, who lived many, many years ago. To help us understand what life was like for Guy, we compared items for today, to items from more than 400 years ago! We couldn't believe how different London looked!

In maths, we have learnt about the different ways you can show additions; you can use things such as telling a sum story, to writing a typical number sentence, to putting the numbers into a part-part whole model.

Finishing off our moving pictures, ready for the Enterprise Fair! We made use of moving parts, such as flaps, levers and sliders.
