

Year 1/2 Blog

Week ending 11/11/22

We are preparing to write our Naughty Bus story in English, and so we have put all we want to say in a story map. You won't believe what the Naughty Bus has been getting up to!

This is Guy Fawkes' hat!

It has been our final week studying addition in Maths, and we are now experts at deriving number sentences from tens frames. We also discovered that to make counting teens numbers much quicker, you can start by counting on from 10, as we now know that a full tens frame always has tens counters in.

In History, we are continuing to study the life and plotting of Guy Fawkes. We even got to meet him on Tuesday. He told us all about why he thought he needed to destroy the Houses of Parliament and we asked him loads of questions - it's not often you get a visitor from 400 years ago.
