

Year 5/6 Week ending: 11/11/22

Year 6 have been short division experts ready to tackle long division next week!

Year 5 have used long multiplication and put their skills into practise.

In English, we have been learning about what of Britain's most well known authors: Charles Dickens.

The children looked at a range of resources to build a timeline of key events in his life. This will help us to start our biographies next week.

Topics this week:

Trade Past and Present

Animals Including Humans

Trade past and present.

Year 5/6 looked at present trade links between El Salvador and the UK. We were able to look at some of the issues they face in El Salvador how they might impact their income.

Remembrance Day

In the build up to Remembrance Day this week, we have looked at blackout poetry - finding poems within poems.

Year 5/6 thoroughly enjoyed looking at the meaning and importance of remembering those who have died in war and conflict.

We thoroughly enjoyed creating images to represent and honour those people.

During French, the children also learned about Remembrance Day in France which is known as le jour de l' Armistice. They studied a poem called Braves Soldats and then decorated some cornflowers, les bleuets, France's remembrance flower.
