

# Year 1/2 Blog

## Week ending 9/12/22

We learnt this week that some aliens are coming to Mr Howard's class. They will need to know the morning routines, so we are in the process of writing instructions for the aliens. The stegosaurus drew story maps, just in case the aliens can't understand English.

We have been looking at multiplication this week. While the Year 1s have been counting in 2s and 10s, the Year 2s have been learning the two times table - soon they shall be learning how to divide.

Given that the advent period has now started, many of our RE lessons have been focusing on Advent itself and the Nativity story. We learnt that Advent is about counting down the days until Jesus's birthday, and that it is possible to use those days to think about how you can show love to your friends and family.
