

# Year 5/6 Week ending: 18/11/22

After Year 6 thinking long division would be too tricky, they smashed it!

Year 5 tackled short division with some challenging remainders.

Year 6 are well on their way to finishing their biographies. They were given time to research some quick 'Did you know...' facts.

Did you know Charles started writing at the young age of nine years old?

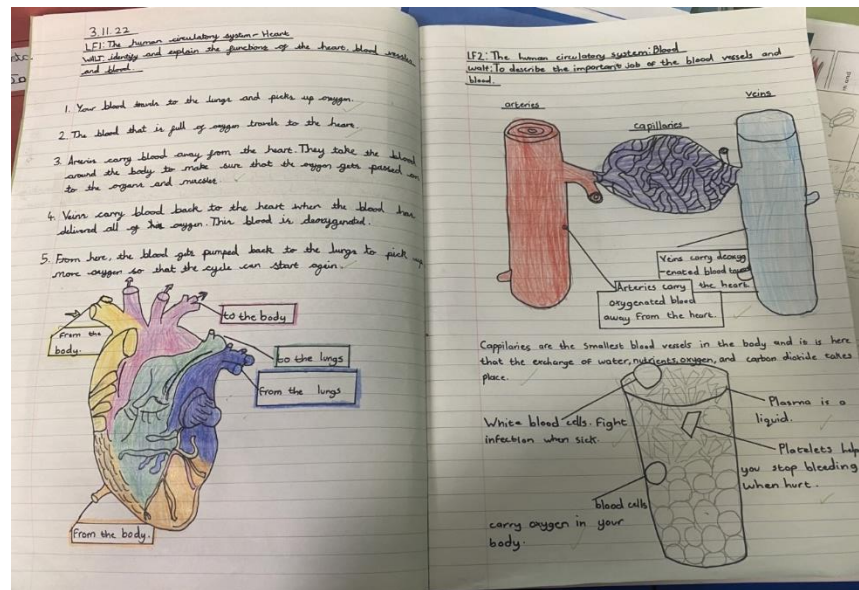

Topics this week:

Trade Past and Present

Animals Including Humans

Trade past and present.

Year 5/6 looked at fair trade and the importance of it in today's society. They were shocked at how little of the profit the workers taking part in hard labour are entitled to.

We have had a lot of hands-on fun this week in science. We explored the role of blood and our hearts through role play and mixing materials.

The favourite task was definitely was making our own blood!
