Six Key Areas of Early Mathematics Learning.

Cardinality and Counting Understanding that the cardinal value of a number refers to the quantity, or 'howmanyness' of things it represents

Comparison Understanding that comparing numbers involves knowing which numbers are worth more or less than each other

Composition Understanding that one number can be made up from (composed from) two or more smaller numbers

Pattern Looking for and finding patterns helps children notice and understand mathematical relationships

Shape and Space Understanding what happens when shapes move, or combine with other shapes, helps develop wider mathematical thinking

Measures Comparing different aspects such as length, weight and volume, as a preliminary to using units to compare later

Theme 1: People Who Help Us

Learning all about the roles of People who Help Us.
