

Year 5/6 Week ending: 19/1/23

Year 5/6 have built up to an opening of their stories by planning and starting a setting description.

This week they explored the population of Hobbiton - next week they will explore a more sinister setting!

Topics this week:

Our world - Our Impact

Living Things and Their Habitats

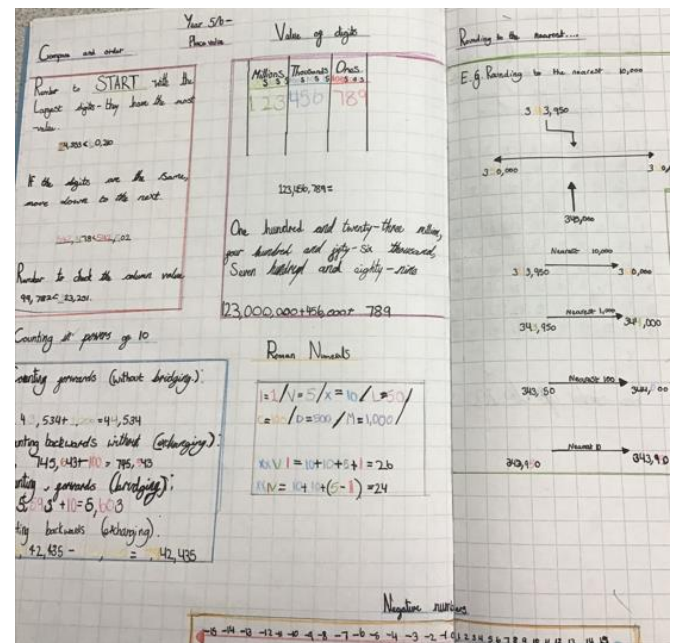

This week in maths, Year 5/6 were finding equivalents in fractions, decimals and percentages - moving on to percentages of amounts. They realised breaking it into steps was easier than they thought!

Maths Notebooks continued.

Our World - Our Impact.

Looking at power stations, we investigated which one was the best by weighing up advantages and disadvantages. We used some role play to act out the process.

The majority decided on Biomass or Geothermal.

In RE, Year 5/6 looked at facts about the bible and things all about the Torah. They were able to look up scriptures by reading the book, chapter and verse information provided.

Basketball.

Golden Time:

Some of the children were extremely excited about playing chess with Mrs Cafferkey's Lord of the Rings themed board.
